

On Your

70th Birthday

Enjoy Your Special Day

Dear Lori,

Congratulations on your 70th year with us. This is a onetime event...enjoy every moment. You deserve it completely.

It is a great time to pause and celebrate with your family and friends by sharing your adventures and accomplishments. Your birthday includes a visit to Quinn's Hot Springs Resort, a future trip to see Mickey and friends at Disneyland, some fine dining, and a humble showering of gifts to add to your enjoyment.

This card helps to capture some lifetime snippets of happiness and to have you make that pretty smile of yours a few more times.

We all love you! Congratulations on achieving your 70th and many more years ahead.

*Love from all of us,
Walter*

From Grand Lake to Whitefish over these wonderful, 22 years of friendship, you have been loving and steadfast like no other.

If someone were to ask...

the secrets of happiness and gratitude
and serenity, we'd know exactly what
we'd do.

We'd tell them to make sure that they
have a person in their lives who's
as precious, as special, and as
wonderful...as you.

Love, Scott and Karen

Happy Birthday to you sweet Lori.
